

Rave Reviews are In! Users *love* Journal Search CD-ROM

What more can be said about one of the greatest products to help the serious student of Christian Science? Ever since its introduction last year, those that have used it have praised its ease of use, its powerful capabilities, as well as its great value.

Just imagine having at your fingertips the published writings of Mary Baker Eddy along with the Holy Bible, the *Church Manual* and all of the *Christian Science Journals* up through 1910. What a wealth of information awaits those hungering for a deeper understanding of the healing truths contained in these precious volumes.

Our fellow brothers and sisters that staff our Christian Science Reading Rooms will find the *Journal Search* CD-ROM an invaluable aid in sharing and researching vital questions for visitors to these spiritual resource centers. Of course, Aequus understands that while the Reading Rooms may not sell *Journal Search* CD-ROM (because of *Manual* by-laws), they may of course purchase one to use as a most useful tool in delving into the inspired truths contained in these writings.

All you need is a Windows or Macintosh type computer that has a minimum of 8 mb of RAM and 4mb of disk space. A CD-ROM drive is required.

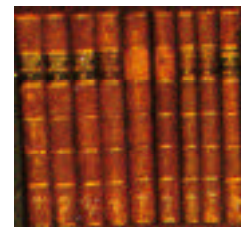

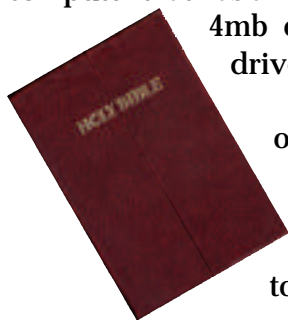

Journal Search incorporates one of the fastest data search engines (by Folio), the remarkable agility of this research program allows you to spend more time on inspira-

tion rather than the mechanics of searching. Searching these writings for any word, date or phrase becomes a joy, not a chore. Gone are the tedious exercises of flipping through pages of a concordance; now your answers are a few keystrokes away.

Cross-linking of text is a useful feature of *Journal Search*. In the *Journals* you may run across a quote from Mrs. Eddy's writings or the Bible. Just double-click on the quote in red or blue and it will take you right to that book for further study. With another click you will return to your previous location. A few of the many features *Journal Search* includes: printing the text you are viewing; tools to help mark your place, highlight passages, and add notes; create a "shadow file" where you can export your selected text into a word processing program to format, print, or to incorporate the file into your own documents.

Best of all is the incredible value of this remarkable product. At only \$99, including shipping, a vast repository of information is waiting for your use. Aequus includes instructions with *Journal Search* to get you started and technical support to answer installation questions. Aequus expects to be providing upgrades to this first release that will include the *Christian Science Sentinels* in the future.

“For People Who Aren’t Afraid To Think.”

The Mother Church uses the above statement in their advertisements for Science and Health with Key to the Scriptures.

In our last appeal to the individuals and organizations on our mail list we requested support of our efforts to continue funding of our Hotel Placement Program. The continued fruitage from this program is phenomenal! In a recent follow-up mailing to replace missing books in hotel rooms, the enthusiastic response was inspiring. Hotel managers have either written, faxed or called stating that not only did they need many extra books, but that consistently they have had guests come to them and express their joy at finding Science and Health in the room. A number of these managers said the interest was so great that *every book in every room* was missing (over a period of only a year) and they wanted new ones for every room as well as extra copies!

Aequus has received several calls and letters from people, with much thanks, saying in substance, “This is for me!” or “I’ve believed this all my life.”

We are truly grateful for the support we have received from those in the field. *THANK YOU!*

Recently a young man called to tell us of a wonderful waymark in his experience resulting directly from the copy of Science and Health he saw in a motel room. He had reached a low point in his life, having been involved with the “wrong crowd.” At his wits end he took only a copy of Science and Health with him and went to a rather “seedy” motel to be alone.

Upon checking in and going to the room, he found a beautiful blue copy of Science and Health in the drawer of the nightstand. The presence of this book completely reaffirmed his faith in the Truth of Christian Science which lifted him from his misery. It’s placement, next to the Bible, represented the pastor to the world that we all have come to know and love, an indispensable aid to daily life. He was especially appreciative that we had placed Science and Health in this type of motel.

Mary Baker Eddy’s statement to Annie Knott, CSD, (the first woman member of the Board of Directors of our Mother Church), rings loud and clear today.

“Mrs. Eddy warned that the time might

come when medical thought might be so organized that it would make the practice of Christian Science almost impossible. The remedy given was *not* the counter power of Christian Science churches, but: ‘When [that] time comes I want my students to take every means possible to make Science and Health available to the whole world.’” (*MBE's Six Days of Revelation*, Oakes, p. 321)

Imagine! In only a year and a half over 150,000 copies of Mrs. Eddy’s textbook have been shared with the world’s travelers. And Aequus has only completely canvassed *two* states! While we have books placed in hotels in many more areas we are getting calls from hotel owners who have built or acquired new properties, wanting to put Science and Health in their rooms. Obviously there is a great need for millions more copies to be put where all travelers in America’s lodging establishments will have an opportunity to see this precious healing truth. We invite you to be a part of this grand effort at sharing Science and Health in this unique and highly successful way.

Divine Love prospers every noble effort to share and spread the Christ, Truth, in ministering to the human need.

Science and Health *is* a book for those who are not afraid to think for themselves. Are we strong enough and honest enough to stand by Mary Baker Eddy and support her in her admonition to spread this gospel far and wide?

If you are not afraid to think, then get out your checkbook today! Write a check to Aequus and tell a friend about this incredibly successful program developed for hotels, prisons, healthcare facilities and other venues. We have contributions of \$25,000 thus far; Aequus has committed \$100,000.00 of its own funds toward this next printing, but *more* is needed before we can commence the next printing of books. Will you help? We are all at an historical juncture in sharing this cup of cold water in Christ’s name. Will *you* stretch out your hand in the spirit of charity to help meet the need of the hour in supporting this most successful effort?

Spotlight on Doris Grekel's Biography of Mary Baker Eddy

Few Christian Scientists are aware of one of the most inspiring and scholarly biographies ever written on the life, work and character of Mary Baker Eddy. Doris Grekel has spent many years in the study and practice of Christian Science. Her love of Truth and Truth's representative, Mary Baker Eddy, inspires the reader on every page.

What Mrs. Eddy labored to establish for the benefit of mankind is brought forth in such simplicity and tender regard that it clearly illustrates the spiritual substance of Mrs. Eddy's entire life and mission as the chosen revelator of truth to this age. Mrs. Grekel's three volume biography shows a depth of loving understanding that is a wonderful counter-balance to the intellectual interpretation afforded by the church's primary authorized biography.

The massive amount of research contained in this work is sure to satisfy the most scrupulous historian. However, it is the spiritual impetus behind Mrs. Grekel's literary achievement that gives us such a penetrating account of Mrs. Eddy's life-work—the trials she faced as well as the triumphs. Mrs. Grekel never loses sight of Mrs. Eddy's spiritual status as the revelator of Truth, the "Comforter" which Christ Jesus prophesied would come.

The reader will be filled with a great appreciation of Mrs. Eddy's never-failing reliance on God in *all* she did.

Order your set of these three volumes at a special discount today. Normally they sell for a total of about

\$70, including shipping. **For the next 90 days you can purchase all three for only \$49.95 plus \$5 shipping.** **ORDER TODAY:** there are only about 200 copies of these specially priced sets available.

A Brief History of Aequus Institute

Aequus Institute was started in 1983 by the late Loran Alan Mansfield with two specific objectives:

- the promotion and strengthening of the free market economic system throughout the world
- the promotion of the teaching of Mary Baker Eddy and the Cause of Christian Science

The following represent some of the successful efforts of Aequus Institute to further the cause of Christian Science:

- publishing of two biographies on Mary Baker Eddy and other books
- publishing of *Science and Health with Key to the Scriptures* by Mary Baker Eddy. (Mrs. Eddy's 1910 ed.)
- placement of thousands of copies of *Science and Health* in hotels and motels across the United States
- development and marketing of the CD-ROM *Journal Search* program, a complete concordance to the Bible, Mrs. Eddy's published writings and the *Christian Science Journal* (from 1883-1910)
