A Brief History of Aequus Institute

Aequus Institute was started in 1983 by the late Loran Alan Mansfield with two specific objectives:

- the promotion and strengthening of the free market economic system throughout the world
- the promotion of the teaching of Mary Baker Eddy and the Cause of Christian Science

The following represent some of the successful efforts of Aequus Institute to further the cause of Christian Science:

- publishing of two biographies on Mary Baker Eddy and other books
- publishing of *Science and Health with Key to the Scriptures* by Mary Baker Eddy (Mrs. Eddy's 1910 ed.)
- placement of 200,000 copies of *Science and Health* in hotels and motels across the United States
- developing and marketing of the CD-Rom Journal Search program, a complete concordance to the Bible, Mrs. Eddy's published writings and the *Christian Science Journal* (from 1883-1910)

You can make the difference!

Your contribution of \$100 will print 30 copies of *Science and Health* to share with those looking for a spiritual solution to their needs.

Will you help?

Aequus Encloses A Complimentary Issue of The Banner

It contributes towards our motto of "Healing Through Understanding."

Dear Friends:

As you know our mission is to promote an understanding of Mary Baker Eddy and her revelation making practical and effective the teachings of Christ Jesus.

To do this today we must understand the problems responsible for the closing of 22% of the existing Christian Science Churches in the United States. According to the number of churches listed in the *Christian Science Journal*, the number has dropped from 1,460 in 1990 to 1,138 in 2001. This makes a total of 322 churches closing over an eleven-year period; an average of 29 churches per year, two churches per month. The number of listed practitioners in the United States has fallen from a high of 11,047 to just 1,750 — a drop of 85%.

We enclose for you a copy of Fall 2001 issue of *The Banner*, a newsletter for Christian Scientists. *The Banner* has been documenting the closing of Christian Science churches since 1988, and is seeking to reveal some of the reasons for this failure. If you are interested in being added to their mailing list, please write to the address listed in *The Banner*.

Only by understanding the reasons for these problems can they be corrected. Only by working with this understanding, can we revive the teachings of Christian Science and once again demonstrate the healings so universally accomplished by Christ Jesus and Mary Baker Eddy.

Sincerely,

Aequus Institute
